Thank you for your request received on 7 May 2019, for the following information:

This request is a follow on to FOI New Council Offices at Colindale 4765728 and a copy of the response to which will be reissued with this response.

Please ensure responses provided state planned implementation dates as per project development/management.
A summary of information still to provided - where previously is was not detailed - would also be useful for everyone involved.
Please advise when responses will be provided as there is a deadline - implementation of the restrictions on non-resident parking before offices are occupied.

Further to the previous email exchanges, I note that it is May 2019 and there has been no formal communication to residents about increased parking or increased traffic or the introduction of the parking restrictions to protect the local residents around the new council building.

Please advise how resident parking will be signposted and when.

Please advise when resident car owners will be contacted to ensure all the permits are in place before the arrival of the staff.

Please confirm when the staff are due to occupy the new offices.

I also note no communication has been displayed about increased bus and tube capacity to facilitate all the extra commuter and visitors.

Should you need to raise this as a separate FOI, please ensure both detail they are tied together.

We have processed this request under the Freedom of Information Act 2000.

Advice and Assistance: Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk).

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a ‘soft opt-in’ under PECR.
