A planning application has been submitted to Barnet Council for the above development. If you would like to look at the application, the easiest way is through our website, by following the link at <https://publicaccess.barnet.gov.uk/online-applications/> and entering the application reference 17/4057/FUL or address into the Simple Search.

You can submit comments using the website if you want to. The website contains a guide on how to comment on planning applications.

If you do not want to comment using the website, you can also email or write to us. Any comments must be received in writing by 28 July 2017 if you want us to consider them. Please include your name, address, daytime telephone number and, where available, e-mail address in all correspondence and quote reference **17/4057/FUL**. Any comments received will form part of the public planning register.

Should this application go before a committee, members of the public may address that committee, subject to certain conditions. If you want to address the committee, or be notified if the application will go before a committee, you must state clearly **Request to Speak at the Planning Committee** in bold at the top of the correspondence. We will then let you know about the meeting and about the rules for speaking to it. Most applications do not reach the committee but are considered by officers who will review your written comments.

Any comments will be acknowledged if submitted by email or accompanied by a stamped addressed envelope, and if you comment you will be informed of the final decision in writing.

Any written comment you make about an application will be placed on the public file. This means that:

- Your comment, name and address will form part of the application documents and will be available for inspection
- Anonymous comments will not be considered
- Letters marked in confidence will be considered and will not be routinely disclosed. We will undertake necessary redactions, including the name of the occupant, before considering disclosure. We will, however, leave postal addresses on the letters.
- Your comment, name and address will be stored electronically and may be published online. Any signature, email address and telephone number will be removed before publication. It may be possible for your name and address to be browsed through internet browsers and search functions.

Yours faithfully,

Aine Geraghty
