ENFORCEMENT INVESTIGATION CASE NOTES

Date: 22.05.2017
Description: Investigation Begun

Notes: The comp has raised a number of design issues and deviations from the original plan. These are in the 21st Feb email in the DMS.

JG and IST visited on the 19th. There are minor technical differences between the plan and what has been built. We drove through the whole development and the differences are in keeping with the rest of the development so whilst technically in breach there is no harm caused to the character of the area.

IST email comp 19/05/17 explaining. See DMS. NFA
