E. GROUNDS AND FACTS

Do you intend to submit a planning obligation (a section 106 agreement or a unilateral undertaking) with this appeal?

Yes

No

(a) That planning permission should be granted for what is alleged in the notice.

The facts are set out in

the box below

The appellant takes the view that the roof extension is not detrimental to the character of the host property and does not adversely impact the street scene or the wider surrounding area. Full policy based reasoning will be included in the appellants appeal statement.

(b) That the breach of control alleged in the enforcement notice has not occurred as a matter of fact.

(c) That there has not been a breach of planning control (for example because permission has already been granted, or it is "permitted development").

(d) That, at the time the enforcement notice was issued, it was too late to take enforcement action against the matters stated in the notice.

(e) The notice was not properly served on everyone with an interest in the land.

(f) The steps required to comply with the requirements of the notice are excessive, and lesser steps would overcome the objections.

The facts are set out in

the box below

If the Inspector is not minded to grant permission for the extension as it is, then rather than demolishing the extension, the appellant contends that the installation of eaves would sufficiently overcome any concerns about the extensions impact of the character of the host property and wider area. Again full details will be contained in the appellants full appeal statement

(g) The time given to comply with the notice is too short. Please state what you consider to be a

reasonable compliance period, and why.

The facts are set out in

the box below

The property is currently tenanted. For the requirements of the notice to be met the current tenants would have to move out of the property. Three months is therefore not sufficient for the tenants to find alternative accommodation and then for the works to be carried out. Full details of an extended compliance period will be included in the appellants statement.

F. CHOICE OF PROCEDURE

There are three different procedures that the appeal could follow. Please select one.

1. Written Representations

(a) Could the Inspector see the relevant parts of the appeal site sufficiently to judge the proposal from public land? Yes No

(b) Is it essential for the Inspector to enter the site to check measurements or other relevant facts? Yes No

Please explain.

To see the extension in situ and for the Inspector to assess its impact

2. Hearing

3. Inquiry

G. FEE FOR THE DEEMED PLANNING APPLICATION

1. Has the appellant applied for planning permission and paid the appropriate fee for the same development as in the enforcement notice? Yes No

a) the date of the relevant application

b) the date of the LPA's decision (if any)

2. Are there any planning reasons why a fee should not be paid for this appeal? Yes No

the box below

Fee was paid to the Council for the consideration of this application and therefore a further fee is not required
