ENFORCEMENT INVESTIGATION CASE NOTES

Date: 17.10.2019
Description: No Further Action

Notes:
Officer: Brett Sinclair

Date: 17.10.2019
Description: Miscellaneous notes

Notes: from google street view it is clear that the tiles of 154 and 152 (which both make up the roof of one bungalow) have been altered to a more modern grey clay tile.

Appears that 154 decided to change their roof tiles to match the new tiles inserted through 152's 18/1876/HSE for 'Single storey side extension, roof extension including front dormer window'

Neither are located within a conservation area, nor within close proximity to any listed structures or historical monuments.

Tiles now have been changed to a point the full roof is now the new tiles and considered existing.

154 changing their tiles is PD, 152 being dealt with under separate enf case. NFA
