Subject: RE: Notifying Barnet of Covid-19 cases
Date: 19 March 2020 08:21:44

Hi [REDACTED]

We are just asking providers to follow the normal notification regulation which means notifying us of events that might impact on the service (section below).

...any event which prevents, or appears to the service provider to be likely to threaten to prevent, the service provider's ability to continue to carry on the regulated activity safely, or in accordance with the registration requirements, including—

- (i) an insufficient number of suitably qualified, skilled and experienced persons being employed for the purposes of carrying on the regulated activity,
- (ii) an interruption in the supply to premises owned or used by the service provider for the purposes of carrying on the regulated activity of electricity, gas, water or sewerage where that interruption has lasted for longer than a continuous period of 24 hours,
- (iii) physical damage to premises owned or used by the service provider for the purposes of carrying on the regulated activity which has, or is likely to have, a detrimental effect on the treatment or care provided to service users, and
- (iv) the failure, or malfunctioning, of fire alarms or other safety devices in premises owned or used by the service provider for the purposes of carrying on the regulated activity where that failure or malfunctioning has lasted for longer than a continuous period of 24 hours;

They are not required to notify us of individual cases but if we hear anything we will let you know. Who is the best person for us to email?

Best regards,

[REDACTED]

Subject: RE: Notifying Barnet of Covid-19 cases

Hello,

We are asking people to let us know about suspected Covid-19 cases.

Are you asking for anything from providers?

thanks,

[REDACTED]

Subject: Notifying Barnet of Covid-19 cases

Hi [REDACTED]

Following on from our conversation on Friday, I've been asked who specifically providers should contact to notify of suspected Covid cases?

Best regards,

[REDACTED]
