Dear [REDACTED]

Freedom of Information Act 2000,

Thank you for your request for information that was received on 12 February 2018

We will deal with your request under the Freedom of Information Act 2000

Under the Act we must respond promptly and in any event within 20 working days from the date we received your request. We will respond to you by 12 March 2018

Please note the Act defines a limited set of exemptions from the right to know. If we decide not to release any information we shall explain why, which exemption we are relying on and how you can appeal.

Please note: If you receive a request from us for clarification of your request please respond to it by the date given. We will not be able to process your request if you do not provide the clarification asked for.

Yours sincerely

Dear [REDACTED]

We've received a request for the following information:

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

I believe that your service area may hold some of the information requested.

Please see the request and provide a response by 21 February 2018.

Please provide a copy of the information requested. If you do not hold some/all please let us know and suggest anyone who may hold it (if you know).

If you have any concerns about disclosing the information please let me know what those concerns are. Remember you must provide the information requested to the Link Officer so a decision can be made about applying any exemptions/exceptions.

Remember if information is held in a dataset we must provide it in a re-usable format when responding by electronic means. If you have any concerns that it is not reasonably practicable to provide the information as a dataset, please let me know.

This is not an acceptable response: and why is this coming from you, in Highways, and not the FOI team?

Even if there were a genuine need to seek clarification, you have delayed doing so for more than three weeks, only three weeks before the response was due. This is absurd.

This is also a totally spurious attempt to block information and will be immediately reported to the ICO if you do not retract it.

There is absolutely no need to seek clarification for this: the authority, via FOI officers has already released earlier versions of this information - as an example see FOI ref 3484496 made in March or April last year. All you need do is update this information to the date of the request.

There was an attempt last year to block/delay the release of information again on spurious grounds, and I will not tolerate a repeat of this sort of obstruction in publication.

PS, this was sent only three days before due, of course, not three weeks.

Even if there were a genuine need to seek clarification, you have delayed doing so for more than three weeks, only three weeks before the response was due. This is absurd.

This is also a totally spurious attempt to block information and will be immediately reported to the ICO if you do not retract it.

There is absolutely no need to seek clarification for this: the authority, via FOI officers has already released earlier versions of this information - as an example see FOI ref 3484496 made in March or April last year. All you need do is update this information to the date of the request.

There was an attempt last year to block/delay the release of information again on spurious grounds, and I will not tolerate a repeat of this sort of obstruction in publication.

Dear [REDACTED],

Freedom of Information Act 2000.

Thank you for your request for information received on 12 February 2018 for the following information: *Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.*

Please give me as well the projected expenditure for February, March and April of this year for each ward..

Unfortunately we are unable to process your request without further clarification.

This is because we need further information/ details from you in order to identify and locate the information. I should be grateful if you would provide more details as the request is too vast as there are many cost centres and projects that the service carries out and we need specific details in order to proceed.

If we do not receive the clarification requested we will be unable to process your request. If we do not hear from you by 21.03.2018 we will take it that you do not wish to pursue this request and will consider the request closed.

Please note that when you provide clarification the period for compliance (20 working days) restarts. The compliance date for response to your request will therefore be 20 working days after you provide clarification.

Yours sincerely

Dear [REDACTED]

I was sorry to hear your concerns. In Barnet Council, Link Officers based within the service are responsible for collecting information held in response to your FOI request. Re, who deliver highway services, hold information on highways expenditure on behalf of the Council which is why the Re Link Officer wrote to you for clarification. Unfortunately, it was realised late in the day by the person extracting the data from our systems that more guidance was needed as to what searches to run, unaware that a previous response had been sent to you for previous years data held.

I am grateful for you drawing attention to the response sent previously, and the data will be provided to you in the format requested as soon as possible. All final responses provided by our contractor, Re, are quality assured by Barnet Council's Information Management Team before being sent out.

Please be assured that this is not a case of obstruction. Extraction of highways expenditure by ward from the database is not a straightforward matter and requires detailed analysis of the raw data held. I am therefore confident that we will be able to get the information to you and apologise for the delay. I am still dissatisfied with my response and wish to make a formal complaint, please see the complaints procedure below.

Your rights

If you are unhappy with the way your request for information has been handled, you can request a review within the next 40 working days by writing to the Information Management Team at: foi@barnet.gov.uk. Or by post to Information Management Team (FOI) The London Borough of Barnet, North London Business Park, Oakleigh Road South, London, N11 1NP

I wonder if you could explain to me why this FOI request regarding Highways Expenditure is not being dealt with by you or any FOI officer, but by a member of Capita Re Highways team?

Also please explain why this is being obstructed on spurious grounds?

I have made at least two previous FOIs for this information and this is merely another request to update the information, which admittedly has usually to be prised out of the council with great deal of agony on both sides, like a rotten tooth, even though it is a perfectly legitimate request for information in the public interest.

Please explain what is happening, because I intend to take this matter immediately to the ICO if further obstruction is made.

Dear Mr Carter,

I appreciate your taking the trouble to respond, but in all the years I have made FOI requests from Barnet Council, I have never had a response that came directly from the representative of a council contractor, rather than a Freedom of Information team officer.

Clarification by anyone sent at the end of the statutory period is quite clearly not acceptable from anyone, but especially not from an officer from 'Re', with all the conflicts of interest that suggests.

The information asked for is quite straightforward: it has been provided previously on at least two occasions without any cause to provoke belated need for clarification by Capita.

I look forward to the information requested being forwarded with no further delay, and I thank you again for your intervention.

Yours sincerely,

Also please explain why this is being obstructed on spurious grounds?

I have made at least two previous FOIs for this information and this is merely another request to update the information, which admittedly has usually to be prised out of the council with great deal of agony on both sides, like a rotten tooth, even though it is a perfectly legitimate request for information in the public interest.

Dear Mr Carter,

I appreciate your taking the trouble to respond, but in all the years I have made FOI requests from Barnet Council, I have never had a response that came directly from the representative of a council contractor, rather than a Freedom of Information team officer.

Clarification by anyone sent at the end of the statutory period is quite clearly not acceptable from anyone, but especially not from an officer from 'Re', with all the conflicts of interest that suggests.

The information asked for is quite straightforward: it has been provided previously on at least two occasions without any cause to provoke belated need for clarification by Capita.

I look forward to the information requested being forwarded with no further delay, and I thank you again for your intervention.

Yours sincerely,

Information request
Our reference: 4210696

Dear [REDACTED]

We've received a request for the following information:

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

I believe that your service area may hold some of the information requested.

Please see the request and provide a response by 21 February 2018.

Please provide a copy of the information requested. If you do not hold some/all please let us know and suggest anyone who may hold it (if you know).

If you have any concerns about disclosing the information please let me know what those concerns are. Remember you must provide the information requested to the Link Officer so a decision can be made about applying any exemptions/exceptions

Remember if information is held in a dataset we must provide it in a re-usable format when responding by electronic means. If you have any concerns that it is not reasonably practicable to provide the information as a dataset, please let me know.

Dear [REDACTED]

The requester has come back to me with the below...

This is not an acceptable response: and why is this coming from you, in Highways, and not the FOI team?

Email received On 15/03/2018 22:46 from Chris.Lloyd@Barnet.gov.uk

Even if there were a genuine need to seek clarification, you have delayed doing so for more than three weeks, only three weeks before the response was due. This is absurd.

This is also a totally spurious attempt to block information and will be immediately reported to the ICO if you do not retract it.

There is absolutely no need to seek clarification for this: the authority, via FOI officers has already released earlier versions of this information - as an example see FOI ref 3484496 made in March or April last year. All you need do is update this information to the date of the request.

There was an attempt last year to block/delay the release of information again on spurious grounds, and I will not tolerate a repeat of this sort of obstruction in publication.

I requested a clarification from her – Can we see what we can do please as this is due on Monday.

Hi [REDACTED]

We need to supply this information urgently, as the clarification request will probably be challenged as its basically an update of a previous year's FOI (case ref: 3484496)

Dear [REDACTED]

The requester has come back to me with the below...

This is not an acceptable response: and why is this coming from you, in Highways, and not the FOI team?

Even if there were a genuine need to seek clarification, you have delayed doing so for more than three weeks, only three weeks before the response was due. This is absurd.

This is also a totally spurious attempt to block information and will be immediately reported to the ICO if you do not retract it.

There is absolutely no need to seek clarification for this: the authority, via FOI officers has already released earlier versions of this information - as an example see FOI ref 3484496 made in March or April last year. All you need do is update this information to the date of the request.

Email received On 16/03/2018 12:27 from Chris.Lloyd@Barnet.gov.uk

There was an attempt last year to block/delay the release of information again on spurious grounds, and I will not tolerate a repeat of this sort of obstruction in publication.

I requested a clarification from her – Can we see what we can do please as this is due on Monday.

Response (all information to be supplied) Document date 26/03/2018 12:12

13 March 2018

Our ref: 4210696

Thank you for your request received on 12 February 2018, for the following information:

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

We have processed this request under the Freedom of Information Act 2000 and Environmental Information Regulations 2004.

Response

The council holds the information requested and the answers to your questions are below

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

Please find attached a copy 2017/18 expenditure populated in the attached table. The figures comprise allocation per ward which is the projected spend included TfL grant funding for principal Road network. It should be noted however, that not all schemes may have been built at the time of posting

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to

prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.

Your rights

If you are unhappy with the way your request for information has been handled, you can request a review within the next 40 working days by writing to the Information Management Team at: foi@barnet.gov.uk. Or by post to Information Management Team (FOI) The London Borough of Barnet, North London Business Park, Oakleigh Road South, London, N11 1NP

If, having exhausted our review procedure, you remain dissatisfied with the handling of your request or complaint, you will have a right to appeal to the Information Commissioner at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (telephone: 0303 123 1113; website www.ico.org.uk). There is no charge for making an appeal.

13 March 2018
Our ref: 4210696

Thank you for your request received on 12 February 2018, for the following information:

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

We have processed this request under the Freedom of Information Act 2000 and Environmental Information Regulations 2004.

Response

The council holds the information requested and the answers to your questions are below

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

Please find attached a copy 2017/18 expenditure populated in the attached table. The figures comprise allocation per ward which is the projected spend included TfL grant funding for principal Road network. It should be noted however, that not all schemes may have been built at the time of posting

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to

Response (all information to be supplied) Document date 28/03/2018 10:52

prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.

Your rights

If you are unhappy with the way your request for information has been handled, you can request a review within the next 40 working days by writing to the Information Management Team at: foi@barnet.gov.uk. Or by post to Information Management Team (FOI) The London Borough of Barnet, North London Business Park, Oakleigh Road South, London, N11 1NP

If, having exhausted our review procedure, you remain dissatisfied with the handling of your request or complaint, you will have a right to appeal to the Information Commissioner at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (telephone: 0303 123 1113; website www.ico.org.uk). There is no charge for making an appeal.

Dear Jamie,

Would you authorise the release of the attached information to this FOI? I discussed this with John Schroder and yesterday and we are otherwise happy for it to go. It's really just an update on a previous FOI answered last year. The requestor as you may know is a blogger (Mrs Angry) and she is upset that clarification was sought on 21 March on what she believes should have been a straightforward reply. There is a risk that he will now make a complaint to the ICO if we don't get back to her quickly for making a spurious clarification request and causing unnecessary delay. If you need any more detail please do let me know.

Best wishes Chris

Importance: High

Dear Jamie,

Would you authorise the release of the attached information to this FOI? I discussed this with John Schroder and yesterday and we are otherwise happy for it to go. It's really just an update on a previous FOI answered last year. The requestor as you may know is a blogger (Mrs Angry) and she is upset that clarification was sought on 21 March on what she believes should have been a straightforward reply. There is a risk that he will now make a complaint to the ICO if we don't get back to her quickly for making a spurious clarification request and causing unnecessary delay. If you need any more detail please do let me know.

Best wishes Chris

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

Response

The council holds the information requested and the answers to your questions are below

Please give me details of the highways budget expenditure for each individual ward in the borough, from the beginning of April 2017, to the end of January 2018.

Please give me as well the projected expenditure for February, March and April of this year for each ward.

Please find attached a copy 2017/18 expenditure populated in the attached table. The figures comprise allocation per ward which is the projected spend included TfL grant funding for principal Road network. It should be noted however, that not all schemes may have been built at the time of posting
