Comment Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I think we have sufficient mosques in North London to allow for more. Cinemas and culture museums, galleries, community centres or youth centres are badly needed and would be more commendable than yet another mosque.

Thank you for taking my viewpoint into consideration.

I am endorsing [REDACTED] objection to the Hippodrome being converted into a place of worship for all the same reasons [REDACTED]

Dear Sirs,

Planning Application 20/2988/FUL Golders Green

I write to object to the consent of this application for the following reasons:

1) When the Hippodrome was originally for sale, Jewish cultural societies applied to turn the site into a Cultural Centre for Jewish study. The application was turned down for the explicit reason that the site was to be used for all races, religions and none, for the benefits of all, who wished to use the site as a place for learning. The Jewish cultural centre was subsequently built on the Finchley Road near the O2 Centre. If the Hippodrome is now permitted to become a religious place of worship, for one religion in particular, then this demonstrates a clear discrimination against the Jewish faith. This would be particularly difficult to accept, as there is a large Jewish community in the vicinity of Golders Green.

2) The site of the Hippodrome is very close to the underground and bus terminus that naturally causes large groupings of people, car parking, travelling, using taxi's etc., to the point of saturation, and is already causing daily traffic jams, carbon pollution, and noise in a relatively small area. Any place of worship in this area, would add to this already chaotic mix of humankind, traffic and pollution to the detriment of all other races and religions save, for the benefit of one.

3) There are many children that arrive by bus or coach to Golders Green, there, to travel onward to their respective homes, and necessitates them crossing the roads, walking around the

already crowded area, and any additional pressure upon the population will reduce the safety of those children travelling to or from school. In addition, there is a high number of elderly people living in the area who already have to negotiate a somewhat confusing set of traffic lights, and crossings, while negotiating crowds of people who rush past them to go about their business, and they are finding this already difficult set of circumstances bewildering to say the least, without the need to increase it.

4) There are already incidents of crime in the area, where criminals have used the bus terminus' to make quick getaways, people have been knifed upon exiting the underground, and feel that an increase to the population will render an already overpopulated area, quite unsafe. In this vein I feel sorry for the residents of North Hill who, due to the lack of available parking in the area, have had their drives occupied, or blocked by worshippers who are visiting the Hippodrome, who have left their cars without the slightest respect to the residents of the area. So to increase the capacity of the Hippodrome, as a place of worship, is going to cause the resident population increased frustration, and totally unable to continue with their daily lives.

5) Security: We are clearly going to require additional security in the area of Golders Green, in order to ensure that the traffic continues to flow easily, that the level of crime in the Terminus remains low, to ensure that abuse of parking is restricted, that

the streets remain clean, and that children and the elderly can walk about the area safely. Who is going to pay for that?

Please therefore, consider these objections most carefully. The hippodrome is a most unsuitable site as a place of worship in Golders Green.

Yours sincerely,

[REDACTED]

Subject: Ref 20/2988/FUL: The Hippodrome, North End Rd., London NW11 7RP

Further to your invitation to comments from local residents,

I object to this application on the grounds that this is a grade 2 listed building with usage for entertainment. Applying for a place of worship - full conversion to a mosque - will change that protected usage completely. The Hippodrome is a famous and historic building which is entitled to local and national heritage protection.

Furthermore, as a resident who lives just a few doors up from the site, the proposed use will obviously significantly increase congestion, pollution and noise disturbance levels

Yours faithfully,

[REDACTED]

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Dear Planning Committee,

Our household objects to the planning proposal on local environmental concerns.

We would like the Planning Committee to consider how many local families and individuals would attend this Place of Worship. Our fear is that attendance will be mainly from outside the local community, thereby creating adverse environmental impacts such as increased road congestion, noise, pollution and more traffic incidents. It is likely that a large number of attendees will drive to the location. The plans are worrying because there is limited on-site parking, restricted resident parking nearby and already traffic congestion at or near the centre of Golders Green. If there is a large attendance for worship especially for a special event (say 500 attendees) there will be considerable parking stress and cars will be driving around and around the area.

In summary, we believe that the plans create environmental problems instead of trying to solve them and so we object.

☐ I strongly oppose the use of the Hippodrome to be used as a Place Of Worship.
There will be huge traffic generation on already busy roads. There will be enormous noise and disturbances created by having vast congregations flocking to the Hippodrome. There will be inadequate parking. The building of a Place of Worship will alter the suburb-feel of Golders Green. Please, please don't give planning permission for this.

Subject: reference 20/2988/FUL HIPPODROME

Dear Sir /Madam .

I have read the application and understand that as far as Grade II listing, there will be no changes to the building structure (I also live in Grade II listed house) in Rotherwick Road a few minutes walk from the Hippodrome.

Unfortunately, no one seem to understand that while we are trying to reduce CO omissions (extended to North Circular by 25th October 2021) we will allow hundreds of cars coming to our area.

Initially when the Hippodrome was functioning as a mosque and cultural centre, cars were parked in our road on double yellow lines blocking our drive and causing obstruction at the junction of Rotherwick/Finchley Road.

People getting into their cars at 11-12pm slamming car doors speaking in loud voices and disturbing our sleep

On this ground I object to the proposal.

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I oppose this application on many grounds:

Golders Green is already busy. There would be a considerable influx of people travelling in and around the area.

Likely increase in traffic. Parking currently poses a problem for local people.

Public transport already crowded.

Noise levels would be high into the evening.

Increased footfall invariably leads to more littering of the streets.

Limited need from local residents.

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

- Request to speak at committee

Comment: This application will be detrimental in the following respects

1. Insufficient parking
2. Traffic is already congested around the station and bus garage and dangerous.
3. Noise levels are likely to be very high and late at night unacceptable. 7 days a week unnecessary.
4. There are many other properties better suited to the use.
5. This is out of keeping and there is very limited need from local residents putting pressure on transportation. The large coaches coming in and out of the bus garage are dangerous and up to capacity.
6. This has already caused much distress to locals and repeated tries must be stopped once and for all.

Comment Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My objections are:

The proposed plan to enlarge the building removes any opportunity for any other development which does not have such a great effect on people, motor vehicles and bus traffic. This area is already a congested area, with a bus station, an underground station and a busy and important crossroad for vehicle traffic going north, south, east or west. If any large event or festival was held at an enlarged place of worship for over 2000 people, as suggested in the plans, the traffic delays due to car and bus traffic could materially affect a large part of north-west London. The carbon footprint, the noise and the stress for Londoners not attending such an event could be great. It could be considered unreasonable for any Council to allow one place of worship to have such an effect on an area on a regular basis.

Furthermore, I believe that many of worshippers at this place of worship do not live in this area and would need to cycle, drive or take a bus to get to this place of worship. Transport to and from this site as well as parking is already an issue for this area. Enlarging this place of worship would most probably worsen this issue. The plan states that there could be between 500 and 2000 people attending some events. I do not believe that this parking issue, during the day and in the evening, has been considered properly in the plans.

From events that have taken place since this has become a place a worship, I believe that parking issues have already arisen and the residents in close proximity of this place of worship, have been affected by air and noise pollution, during the day and at night. Any expansion of this place of worship would most likely increase this pollution, in an area where there is already sufficient pollution from the current traffic levels.

Comment Reasons:

Comment: As already mentioned in my first submission and repeated here again. Churches and synagogues are needed for the local inhabitants. Whereas the local muslim worshipers are at tiny number. There is absolutely no necessity for such a megasized building for the few muslim worshipers in our midst. The large crowd it would attract from outside our area will create chaos with traffic congestion and parking problems for the locals. Muslim worshipers need to congregate according to their laws six times in 24 hrs multiplying the problems several times in a day. This appeal in no way should be construed as being racist.

yours sincerely.

Comment Reasons:

Comment: Dear Sir,

I live in the neighborhood, not far from the Hippodrome. I have no comment to make about members of a particular faith wishing to have a place to congregate. It is a cherished right in this country.

My objection is based solely on the issues of traffic and parking.

This venue has been used before for crowd based activities. When that happened we found that the parking in our street (let alone others a little closer) became impossible. People parked over driveways, were rude when asked to move and it was a very uncomfortable situation.

I am concerned that the increase in traffic (something I thought Barnet wished to stop[I have read the proposals issued by the Council last year]), and the disaster that will occur when the attendees attempt to find parking in the streets surrounding the site.

I object to the proposal

Comment: I object to this mosque application on the grounds of heavy traffic in the area, pollution, congestion and the protection of the heritage of such a building. I do not understand why there have been so many delays and hiccups with this case. perhaps it's because you are hoping that people will lose the energy for a prolonged objection and that the application will succeed merely on the basis of so much time passing. this is not the case.

Subject: The Hippodrome, North End Road, London NW11 7RP

Reference: 20/2988/FUL

Dear Sirs

I understand the owners of the above building have submitted a planning application to alter its Use to a Place of Worship. I have lived in NW London all my life and was under the impression the Hippodrome was a Grade 2 listed building with a cultural heritage to be used solely for cultural events and entertainment. I also am under the impression several genuinely local bodies applied to occupy the building and use it as schools or whatever else and were turned down. I do not understand how they were refused yet there is a possibility you would bend the rules for the current owner.

The current owners of the Hippodrome previously ran a mosque in Kilburn if I'm not mistaken. There are plenty of Muslims in Kilburn so it was natural for them to want a

mosque there. I do not believe there are many Muslims in NW11 so why do they wish to have a mosque there? There are rumours that it is to be not only a mosque but eventually a Super-mosque to compete with the one at Finsbury Park.

Things are difficult enough for local residents who need to go to Golders Green for food shopping, doctors and dentists etc due to congestion and the constant flow of people coming and going. This will be further exacerbated by a large influx of non-residents coming to Golders Green several times a day. Needless to say there will be extreme pollution and densification, and a drain on services without any benefit to the local community. The atmosphere there has already changed for the worse, with weird people hanging around including "professional" beggars and pickpockets. I realise they are not Muslim but they are parasitical people who wish to benefit from the Muslim community as it is their tradition to give "zakat" - charity.

It is hard to understand why the wishes of local people may be ignored in favour of others who have absolutely no connection with the area.

Therefore, I would like to state unequivocally that this property should not even be allowed to operate as a mosque unlawfully while it only has permission to be used as a cultural centre, and furthermore should not be allowed to change use officially to become a mosque.

Yours faithfully

Address: [REDACTED]

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The Hippodrome in Golders Green NW11 is a Grade 2 listed building with usage for entertainment. Applying for a place of worship (ie full conversion to a mosque for 3500 worshippers) will change that protected usage completely. Implications for transport, environmental degradation, noise, ambulance access to Royal Free Hospital, congestion, parking. 1000s of people attended the Hippodrome in NW11 near our house in [REDACTED] Our driveway was blocked on many occasions by people who attended the Hippodrome. I sent a number of photos before showing evidence of our road and driveway blocked by people attending the Hippodrome. You have the evidence. I can send it again if you email me. Blocking our driveway creates serious issues for us as we could not collect our children. [REDACTED] Our road was also blocked by cars parking illegally on many occasions in 2020 by people attending the Hippodrome. What if an ambulance needed to get into our road? [REDACTED] we also saw an immense increase in the number of blue badge holders in our road all coming from the hippodrome. We did not investigate the validity of these blue badges, but it was taking up all of the residents spaces in our road.

Comment Reasons:

Comment: The change of use of this amenity is not appropriate for such a busy part of the area. It will be able to hold up to 6000 people who will not only need to park but will require transport facilities on an already overloaded system. The tube and bus station will be over run by persons wishing to enter and exit the building at random hours and times. Parking will become untenable, there will be added and excessive noise with which to contend for the local residents, there will be numerous people from outside the area drawn to the building who will be walking or waiting around at all times of the day, evening and dawn. The building was not intended for use as a religious facility. Furthermore a perfectly good religious building was torn down recently on Finchley Road which at times had been used as a church and a temple. This could have easily been retained by the borough at a religious centre instead of allowing a contemporary block of unattractive flats to be built there. Golders Green is a quiet, suburban location and with the addition of this humungous religious centre it will quickly become busy, people filled and polluted, both from cars visiting the site and general waste. I object in the strongest terms to this building being allowed to alter the current locale atmosphere and add to the density of this already well populated area.

Comment: Dear Sirs,

Ref: 20/2988/FUL

The application should be rejected out of hand because there will never be enough car parking spaces available at The Hippodrome itself or in the surrounding streets to cater for the number of potential worshiper's vehicles coming mostly on Fridays, which is a normal working day.

Also the amount of traffic generated will impact considerably the flow of coaches and buses which use the bus terminus, that is situated right next to The Hippodrome.

Subject:Message of support for consultation 20/2988/FUL

To Barnet Council Planning Committee

This letter is written in relation to consultation 20/2988/FUL

My name is [REDACTED], and I live at [REDACTED] NW7 [REDACTED] I am writing to let you know, as a Barnet resident and member of Finchley Reform Synagogue in Barnet, how much I support planning permission for our neighbours, the Markaz.

I am proud that Barnet is a place for many different religious communities. As a FRS member, we have supported our friends the Somali Bravanese to regain a building, and we are proud to stand with the Markaz too. The Markaz community originate from Iraq, with many fleeing as refugees under Saddam Hussein's regime. For thirty years they have met as a community in Barnet.

We are horrified that a lawyer who calls himself the "Mosque Buster" has been hired by a group of residents to oppose the Markaz. We stand against hate in all its forms. We appreciate the Markaz travel plan explains how people will visit the Markaz & addresses congestion and parking concerns.

We are excited that a Barnet building with such historic and physical prominence will once again be used. Please consider this letter a sign of my support for the planning application.

Yours

Subject: Ref 20/2988/FUL The Hippodrome

To Whom it May Concern

I am writing regarding the proposed changes to the Hippodrome which is a listed building with usage for entertainment.

The proposal will not only change the protected usage but will undoubtedly cause greater congestion in an area which already has very limited parking causing increased noise

and disturbance for nearby residents. The proposal will mean a huge increase in pedestrian and vehicular traffic and will undoubtedly have a knock on effect on the environment and tranquillity of the area.

North End Road is also a major through way for ambulances en route to and from the Royal Free Hospital and any further obstruction with more congestion could well delay the emergency services operating efficiently.

Please let this Grade Two listed building with usage for entertainment remain as it's designated use and protect it's heritage and the environment.

Your sincerely

This letter is written in relation to consultation 20/2988/FUL

My name is [REDACTED] and I live in [REDACTED] EN6 [REDACTED]. I'm writing to let you know, as a former resident many years ago of Barnet Council and as a current [REDACTED] in the borough of Barnet how much I support planning permission for our neighbours, the Markaz.

I am proud that Barnet is a place for many different religious communities. As a [REDACTED] [REDACTED] we have supported our friends the Somali Bravanese to regain a building, and we are proud to stand with the Markaz too. As you know, the Markaz community originate from Iraq, with many having to flee as refugees under Saddam Hussein's regime. For thirty years they have met as a community in Barnet.

We are horrified that a lawyer who calls himself the 'Mosque Buster' has been hired by a group of residents to oppose the Markaz. We stand against hate in all its forms. We appreciate their travel plan which explains how people will visit the Markaz, and we're excited that a Barnet building with such historic and physical prominence, and which I used to make good use of when I was much younger, will once again be used. Please consider this letter a sign of my support for the planning application.

Yours faithfully,
[REDACTED]

To the Barnet Council Planning Committee

Ref: Consultation 20/2988/FUL

My name is [REDACTED] and I live at [REDACTED],
[REDACTED], N10 [REDACTED] and I'm writing to let you know, as
a [REDACTED] in the borough of Barnet,
how much I support planning permission for our neighbours, the
Markaz.

I am proud that Barnet is a place for many different religious
communities.

As [REDACTED], we have supported our friends the Somali
Bravanese to regain a building, and we are proud to stand in solidarity
with the Markaz too. As you know, the Markaz community originate
from Iraq, with many having had to flee as refugees from Saddam
Hussein's regime. For thirty years they have met as a community in
Barnet. We appreciate their travel plan which explains how people will
visit the Markaz, and we're excited that a Barnet building with such
historic and physical prominence will once again be used by the
community.

We stand against hate in all forms and were horrified to hear that a
lawyer who calls himself the 'Mosque Buster' has been hired by a
group of residents to oppose the Markaz.

Please consider this letter a sign of my support for the planning
application.

Yours faithfully

My name is [REDACTED] and I have lived at [REDACTED] N10 [REDACTED]. I am writing to let you know, as a Barnet Council resident, how much I support planning permission for the Markaz.

I am proud that Barnet provides facilities for many different religious communities. As you know, the Markaz community originate from Iraq, with many having to flee as refugees under Saddam Hussein's regime. For thirty years they have met as a community in Barnet.

I live not far from what was the Somali Bravanese meeting centre which was raised to the ground. I supported their regaining a building and am pleased to see that this has been successful. I am proud to stand with the Markaz too.

I am horrified that a lawyer who calls himself the "Mosque Buster" has been hired by a group of residents to oppose the Markaz. I oppose hatred in all its forms and welcome the development of a fully multicultural Barnet..

I appreciate their travel plan which explains how people will visit the Markaz, and am excited that a Barnet building with such historic and physical prominence will once again be used.

Please consider this letter a sign of my support for the planning application.

Yours faithfully
