

Food Hygiene / Food Standards / Health & Safety Inspection Report

This inspection report covers only the areas inspected at the time of the inspection. It does not indicate compliance with any provision of the relevant food safety or health and safety law. It is not a notice requiring works to be carried out. All items marked 'C' are legal requirements and 'R' recommendations for best practice. Please note this schedule of works is NOT exhaustive but list those items which are obvious at the time of the visit. You are reminded the obligation rests with the business to ensure compliance with all legal requirements.

FOOD HYGIENE RATING

This authority operates the national Food Hygiene Rating Scheme. This is designed to help consumers choose where to eat out or shop for food by giving them information about the hygiene standards in food outlets at the time they are inspected. Your rating has been calculated on the basis of the standards found at the time of inspection. Your inspection report outlines the inspector's findings and highlights the priority actions and improvements that are needed to ensure that you are complying with the Food Safety & Hygiene (England) Regulations 2013.

A sticker showing your rating following your recent inspection will be given at the time of the inspection or sent in due course. You can tell your customers how good your hygiene standards are by placing the sticker in the window/door. If you do not have a suitable glass surface, you can request a wall sticker. You must remove and destroy the sticker/certificate showing your previous rating. Only one rating – the most recent rating – should be displayed. To continue to display a previous rating may constitute an offence under the Consumer Protection from Unfair Trading Regulations 2008. Your Food Hygiene Rating will also be published on the Food Standards Agency's website at: www.food.gov.uk/ratings within three and five weeks from receiving this letter.

Safeguards

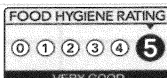

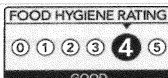

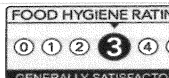

If you think that the rating is wrong or unfair – in other words it does not reflect the hygiene standards at the time of your inspection – you have 21 days in which you can **appeal** against this. You should appeal in writing to the Lead Officer for Food at Environmental Health, 8th Floor, 2 Bristol Avenue, Colindale, London NW9 4EW but I would recommend that you get in touch with me first so that I can help you to understand how your rating was worked out.

If you have improved hygiene standards since your inspection, or if there were unusual circumstances at the time of the inspection that might have affected your food hygiene rating, you have a '**right to reply**' so that you can explain this to potential customers that look up your rating online.

If you make the improvements to hygiene standards that are highlighted in your inspection report, you can **request a re-visit** with a view to giving you a new and higher food hygiene rating. There will be a charge of £240 for each re-visit carried out at your request. The re-visit will be carried out within three months of receipt of your application and payment. Payment can be made card by telephoning 020 8359 7995.

More information about these safeguards and the form to be completed to request a re-visit can be found on the FSA's website at: <https://www.food.gov.uk/sites/default/files/media/document/food-hygiene-rating-scheme-business-safeguards-explained.pdf>
