Thank you for your request received on 8 July 2025, for the following information:

I am writing to request information regarding the Parking Stress Survey conducted for the proposed Underhill South CPZ. I would like;

- To be provided with a copy of the survey and it's results, including the original scope

- Provided with the definitions for the different types of parking stress up-to and including 'Extremely High' as used as a determining factor

We have processed this request under the Environmental Information Regulations 2004.

Response

I can confirm that London Borough of Barnet holds the information you requested. However, we believe that the exceptions detailed below apply to all of this information and this is withheld. Please see the Refusal Notice below.

R12(4)(d) - Material which is still in the course of completion, unfinished documents or incomplete data

Therefore, we have decided to withhold the information. In applying this exemption, we have had to balance the public interest in withholding the information against the interest in favour of disclosure.

Regulation 12(4)(d) Material still in the course of completion has been applied. As such the Council argues that the internal communications should be withheld to maintain 'a safe, internal, confidential, private space (away from the public and hence external scrutiny) in which it is able to discuss and determine such issues affecting it, in order to facilitate full and frank deliberation and debate and permit high quality decision making which is required for the sound performance of the Council as a whole'.

Public interest test considerations

I have considered whether the public interest in maintaining the exception outweighs the public interest in disclosing the information. There are a number of public interest arguments that weigh in favour of disclosing the information you have sought:

- The general proposition of maximising openness that the EIR and the Council aspire to;
- The benefits of ensuring transparent and accountable government by disclosing how the Council receives and spends public money;

However, there are also public interest arguments against disclosure:

- We are still reviewing the information received. We have more responses to analyse and will share the results once all the information is analysed
- Transparency and public scrutiny of decision making objectives will be met by making the details held on the database available on request

The public interest in withholding the requested information outweighs the public interest in disclosure of the requested information.

We confirm the parking engagement ended on 28 July and officers now need to analyse the results. The details on Engage Barnet (https://www.engage.barnet.gov.uk/) indicates that an update will be available by September 2025.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
