Thank you for your request received on 23 March 2026, for the following information:

**I am writing to request information under the Freedom of Information Act 2000 regarding electric vehicle (EV) charge point infrastructure within your local authority area.**

**Specifically, I would be grateful if you could provide a list of all publicly accessible EV charge points within your authority, including (where available):**

- \* Location name or site name
- \* Street address
- \* Postcode
- \* Latitude and longitude (if available)
- \* Operator (e.g. ubitricity, char.gy, Connected Kerb, etc.)
- \* Number of charging bays/connectors at each site
- \* Maximum charging power (kW)

**If you can provide this information in a structured digital format, such as CSV or Excel that would be great.**

**For the avoidance of doubt, I am only requesting publicly accessible charge points (on-street or publicly available off-street), such as those that have been installed following council contracts. I know that privately installed chargers (e.g. workplace-only or residential-only) may be unknown to the council.**

We have processed this request under the Freedom of Information Act 2000.

### **Advice and Assistance : Direct Marketing**

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk)

**For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.**
