## **Response**

I can confirm that London Borough of Barnet holds some of the information you requested.

However, we consider that the following exceptions apply to some of the information requested. The remaining information is not withheld and is below/attached.

***A copy of the date evidenced The Free from Asbestos Certificate relating to the demolition and development of the former National Institute for Medical Research, The Ridgeway, Mill Hill, London NW7 1AA.***

The London Borough of Barnet does not have a copy of a Free from asbestos certificate. The Health and Safety Executive (HSE) is the Health authority responsible for asbestos in this instance. The HSE sign off the asbestos removal work. Environmental Health do have regular meetings and visits with the site, and have looked through folders of information relating to the asbestos removal. We have no cause to believe that this work has not been undertaken properly but to reiterate, it is the HSE who are the responsible authority. Please contact the HSE and make a FOI/ EIR request direct at: <http://www.hse.gov.uk/foi/index.htm>

***Copies of all air quality reports for the same site from 1st February 2018-30th November 2019 held by the London Borough of Barnet/Capita.***

## **Refusal Notice**

We consider that regulation 13 (Personal information) applies to the information requested in the attached reports.

Therefore, we have decided to withhold the information.

## **Refusal Notice**

[Part 1 of Schedule 19](#) of the Data Protection Act 2018 amends the personal data exception Regulation 13 of the Environmental Information Regulations 2004. These are consequential amendments designed to ensure that the correct provisions of the GDPR and the new Act are referenced instead of the now repealed DPA 1998. They will not fundamentally impact when personal data can, and cannot, be disclosed in response to an EIR request.

We consider the information is subject to Regulation 13 because to release it would be a breach of the Data Protection Act 2018.

Personal Information is governed by the Data Protection legislation and is defined as any information relating to an identified or identifiable natural person ('data subject'). It adds that: an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location number, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

The withheld information is exempt because disclosure would contravene the first data protection principle which requires that personal data is processed fairly and lawfully. Disclosure of the requested information would breach this principle and in particular the requirement of fairness.
