Response

The council holds the information requested and it is attached/ the answers to your questions are below

How many subsidence claims have been made in Langley Park NW7 2AA?

2 claims over a 25 year period, one in 1996 and one in 2018

***Also what is the tree felling or crowning policy for Langley Park NW7 2AA?
Also what risk mitigation strategy has been put in place for Langley Park NW7 2AA?***

All London Plane trees in Langley park have been managed as biennial pollards for over 25 yeras, probably since 1960's.

Biennial pollarding is sufficient risk management policy and has been proven successful due to the very low number of claims paid in this road.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this

purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
