Thank you for your request received on 29 July 2019, for the following information:

Please tell me (2016-17, 2017-18 and 2018-19). I am interested only in those diesel cars which were given to staff under the agreement that they would be used for both work and non-work purposes.

For each of the cars bought, please state the model of the car, the amount it cost and its CO2 emission tax excise band (explained: <https://www.gov.uk/vehicle-tax-rate-tables> - answer could be 0, 1-50, 51-75, 76-90, etc.).

Please tell me if a diesel car was provided over the same period to the Chief Executive. If yes, please tell me the model, its cost and the CO2 emission tax excise band for this vehicle(s).

Finally, for the same time period, please tell me how many non-diesel cars were bought and given to staff for use at work and outside of work.

We have processed this request under the Environmental Information Regulations 2004.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
