Thank you for your request received on 4 September 2019, for the following information:

We are interested in collecting information on the increased use of LED street lighting and the steps councils have taken to protect people who are sensitive to this lighting. The spread of new lighting has resulted in the social exclusion of light-sensitive people. The problem is exacerbated by a lack of awareness and information of its effects.
I would be grateful if you could supply me with the information requested in the attached word document

We have processed this request under the Freedom of Information Act 2000.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
