Thank you for your request received on 14 November 2019, for the following information:

To whom it may concern:

I would like to request some information under the Freedom of Information Act.

Please could you tell me:

Have schools under your council's control implemented or introduced any of the following in order to detect knives/weapons -

- :: Knife detection wands (also known as a handheld metal detector or body scanner)**
- :: Knife arches (also known as a body scanner, or walkthrough or archway metal detector)**

In cases where the answer is yes, please state how many schools have implemented or introduced these, whether they are primary or secondary schools, and when they were brought in.

Please use the table below as a guide:

Number of primaries	Number of secondaries	Date introduced
Knife/handheld detection wands		
Archway/body scanner		
Stop and search policy		

Finally, do schools under your council's control have a dedicated police officer. Again, please give details, for example proportion and number of schools that have a dedicated police officer.

We have processed this request under the Freedom of Information Act 2000.

We do not hold this information. You will need to contact schools directly.

Schools (including academies) are considered under the Freedom of Information Act (FOIA) to be public authorities in their own rights, and are subject to the FOIA in the same way as the council (albeit with different timescales to meet). It is therefore correct that the council does not hold this information, and that individual schools would need to be contacted.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
