### **Response**

The council holds the information requested and the answers to your questions are below.

Under the Freedom of Information Act, I would like to find out the following:

- \* ***The number of current 20mph limits in place in the London Borough of Barnet area***
- \* ***The number of current 20mph zones in place in the London Borough of Barnet area***

There are 29 distinct 20mph areas on public roads in Barnet covering approximately 43.7km. Our records do not identify limits and zones separately.

***If there is data available for previous annual or fiscal years for both of the above data sets that would be interesting to see, dating back to up to five years.***

Please see attached a spreadsheet with The total number and length present in previous years.

### **Advice and Assistance : Direct Marketing**

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with

the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk)

**For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.**
