Thank you for your request received on 25 November 2019, for the following information:

**Apparently 2 objections were raised regarding loss of parking space. Under the FOI Act I would be grateful if you could let me know:**

- 1. Where exactly is the crossover planned for?**
- 2. Is there any information on why the existing restriction hardware outside approx no 216 is still there bearing in mind that the restriction itself has moved.**
- 3. How many spaces will be lost on the construction of the crossover and if there is any information to show that things from 2-3 will help the situation.**
- 4. How many business parking permits have been issued in the last year to allow business parkers to use the new bays at bottom of the Vale.**

We have processed this request under the Environmental Information Regulations 2004.

## **Response**

The council holds the information requested and the answers to your questions are below.

***Apparently 2 objections were raised regarding loss of parking space. Under the FOI Act I would be grateful if you could let me know:***

***1. Where exactly is the crossover planned for?***

- There is no planned crossover.

***2. Is there any information on why the existing restriction hardware outside approx no 216 is still there bearing in mind that the restriction itself has moved.***

- <https://www.barnettraffweb.co.uk/main.html> - up to date information on traffic orders and signs can be found here.

**3. How many spaces will be lost on the construction of the crossover and if there is any information to show that things from 2-3 will help the situation.**

- There is no planned crossover.

**4. How many business parking permits have been issued in the last year to allow business parkers to use the new bays at bottom of the Vale.**

We do not grant permits for a specific business bay. The permit type for the location indicated is 'CZ' and these permits can be used within any business bay or permit bay designated to allow the specified permit type, covering the whole of the zone. At present (24/12/2019) there are 4 'CZ' business valid permits.

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk)

**For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.**
