Thank you for your request received on 24 January 2020, for the following information:

All questions and answers to be provided on the attached excel spreadsheet.

I am conducting research for my MBA which is being produced for the Local Government Association to support their Strategic Supplier Management project which aims to help councils reduce procurement spend and has a number of objectives that would be enhanced by the availability of more detailed data on what local government is procuring.

My MBA project is researching procurement data as a sector wide challenge for Local Government. The research aims to identify options that will aid the development of data gathering, analytics and intelligence to enhance Local government procurement capabilities that may benefit all the sector including your organisation.

This questionnaire is designed to be quick and easy to complete with multiple choice answers and should be treated by your organisation as a Freedom of Information request and responded to within 20 days.

We have processed this request under the Freedom of Information Act 2000.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
