Thank you for your request received on 4 February 2020, for the following information:

**I am writing to make an open government request for all the information to which I am entitled under the Freedom of Information Act 2000.**

**Please send me:**

- 1. How much of the Council's pension fund is invested into oil, gas, coal and mining companies? Can I get this as a real figure and as a percentage of the total pension pot.**
- 2. Which oil, gas, coal and mining companies received investments of more than £500,000 from the Council?**

**I would like the above information to be provided to me as electronic copies. If this request is too wide or unclear, I would be grateful if you could contact me as I understand that under the Act, you are required to advise and assist requesters. If any of this information is already in the public domain, please can you direct me to it, with page references and URLs if necessary. If the release of any of this information is prohibited on the grounds of breach of confidence, I ask that you supply me with copies of the confidentiality agreement and remind you that information should not be treated as confidential if such an agreement has not been signed. I would be grateful if you could confirm in writing that you have received this request.**

We have processed this request under the Freedom of Information Act 2000.

## **Response**

The council holds the information requested and it is attached/ the answers to your questions are below

***1. How much of the Council's pension fund is invested into oil, gas, coal and mining companies? Can I get this as a real figure and as a percentage of the total pension pot.***

The information we hold is shown in the attached spreadsheet. Please note funds highlighted in yellow are funds where we don't have a breakdown of the companies invested in, and therefore cannot give a percentage.

## **2. Which oil, gas, coal and mining companies received investments of more than £500,000 from the Council?**

The Pension Fund does not directly invest in any companies, rather in funds which then invest in different companies. All decisions in which companies and asset types to invest in are made by the fund manager, and not the Pension Fund. For the funds where we have the breakdown of companies invested in none of the investments equate to more than £500,000.
