Thank you for your request received on 15 January 2020, for the following information:

I was recently caught out at this junction. It's no left turn at two specific periods in the day.

I've never come across a no turn at specific times of day before and having turned up this road periodically over many years driving, I noted only the no parking restrictions sign at the toad mouth and not the newish separate sign further back in Finchley Road, indicating no left hand turn in rush hour

I don't think the signage is clear enough and would like to find out how many other drivers have been issued PCNs at this same spot - I suspect I'm not the only one who has been caught out - the signs are very high for the ordinary driver and not Evident at the mouth of the road at all

If there are a significant number of PCNs issued at this spot, I would argue for Barnet to make the signage clearer to drivers

I would be grateful if you could let me know the numbers of PCNs issued at this junction

My PCN reference is AG36216623

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
