Our ref: 6337052

Thank you for your request received on 3 June 2020, for the following information:

- 1. What is the total cost of the implementation of the scheme?**
- 2. From which budget is this scheme being funded?**
- 3. How many people agreed to the implementation of the scheme as part of the consultation process?**
- 4. How many objections were received against this scheme as part of the consultation process?**
- 5. Can you please confirm that this matter was only discussed at the Chipping Barnet Area Committee that took place on the 9 July 2018 and that there is no further reference or minutes on any other subsequent committee papers relating to these proposals?**
- 6. In response to a Customer Service enquiry I was informed by the Case Management Team for Highways:
"if any objections are received as a result of the statutory consultation the Strategic Director for Environment will, in consultation with the local Ward Councillors, consider and determine whether any of the proposed changes should be implemented or not, and if so, with or without modification". Accordingly, in this matter the relevant Councillors will have the right to hear the views of the residents and any objections raised, in order for them to have some input.
I would like to know which ward councillors were consulted about any objections that were raised about this scheme and what input was provided by the Councillors?**
- 7. I was also informed that : Furthermore, as objections have been received, a report outlining the objections and making the above-mentioned decision, will be published on the Council's website.
I would like a copy of this report as I was unable to locate it on the Council website.**
- 8. The traffic and Development section informed residents that : "Careful consideration was given to the potential impact",
Undertaking an Equality Impact Assessment would have enabled L B Barnet to consider the impact of the proposed waiting restrictions with regard to ethnicity, disability, age and sex, but also in relation to religion and belief, sexual orientation, and human rights.
a) I would like to know what evidence was used to examine the impact of the scheme on different groups of people and what was taken into consideration?
b) Has an equality impact assessment been carried out ? If so I would like the information to be made public and a copy to be sent to me.**
- 9. When (what date) was the final decision made to implement the scheme and by whom and where was this recorded?**

We have processed this request under the Environmental Information Regulations 2004.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
