The council holds the information requested and the answers to your questions are below

Please can you provide details as to when the signage at the end of Rodborough Road at the Junction of Finchley Road NW11 were change from a 'No Right' turn to a 'Turn Left' sign.

Kindly provide the date that this was done and the reasons for this change.

Also provide the dates that local residents and additionally the public were notified of the impending changes.

The signs at the junction of Finchley Road were changed from No Right Turn signs to Turn Left Ahead signs on 31 May 2019.

Local residents and additionally the public were advised of the changes via the press notices on 23 May 2019.

This was done to remove ambiguity since, despite the other signs and road markings previously present, some drivers appeared to be interpreting the previous arrangement as permitting an “ahead” movement into St Albans Lane, even though this movement required a right turn and then immediate left.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
