Thank you for your request received on 26 August 2020, for the following information:

The shared bicycle and pedestrian path that leads from the North to the Friern Bridge Open Space park features three metal gate structures. Could you please provide all records related to the planning and erection of these structures? In particular I am interested in the purpose of these structures and alternatives that have been considered.

We have processed this request under the Environmental Information Regulations 2004.

Response

I am writing to inform you that we have searched our records and the information you requested is not held by London Borough of Barnet.

The park was developed when the Friern Retail Park was built and it is believed that this applies to the cycle path too. It is now managed by Greenspaces. Greenspaces have no record of installing the barriers.

One possibility is that a triple chicane (like this) is a suggested approach by the Police under their designing out crime approach as it slows cyclists down and also makes it more difficult for motorcycles and scooters but it does not appear that they were installed by the council.

If you are dissatisfied with the response in any way, there is a complaints process which can be found at **Annex A**.

Further information

If you are interested in the data that the council holds you may wish to visit Open Barnet, the council's data portal. This brings together all our published datasets and other information of interest on one searchable database for anyone, anywhere to access. <http://open.barnet.gov.uk/>

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
