Response

The council holds the information requested and the answers to your questions are below

How much money has the council taken in fines for breaching the Low Traffic Neighbourhood rules between in the following time frame?

Between the beginning of the Low Traffic Neighbourhood Scheme until 30th September 2020.

We assume the request refers to schemes introduced since April 2020 using funding provided through the government's walking and cycling programme (either direct or via TfL), or to other similar proposals introduced in that time.

In Barnet no projects have been introduced from April 2020 that we would identify as "Low Traffic Neighbourhoods", but some "School Street" proposals have been introduced that you may consider similar. However no penalty charge notices associated with "Moving Traffic Contraventions" had been sent out in relation to these at 30 September 2020, and therefore no money received.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also

check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
