Thank you for your request received on 15 January 2021, for the following information:

I am writing to the London Borough of Barnet because your authority has responsibility for highways (please note that the terms 'highway' and 'road' are used interchangeably).

I represent the WJ group of companies, which carries out highway works and highway asset inspections. Our knowledge of how you procure road marking services is partial or incomplete so please could you provide us with the following information:

1. Which company or organisation carries out your general highway maintenance work?

(Note: This is who actually works on the roads. For example, this could be your own highways workforce or a term maintenance contractor)

2. Road marking is normally a specialist task, which is carried out or procured externally by the road maintenance organisation. Which company or organisation carries out your authority's road marking work?

(Note: For example, this could be an in-house road maintenance workforce, a highway term maintenance contractor or a specialist sub-contractor employed by them)

3. What is your authority's approximate annual spend on road marking including any related work such as high friction surfacing, crack and joint sealing etc.

4. When does the current contract or arrangement, which includes road marking and related work, end?

5. In order to be considered for future road marking or any other road work, how should we register our interest?

We have processed this request under the Freedom of Information Act 2000.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
