Thank you for your request received on 23 January 2021, for the following information:

Please provide the expected cost to the council or third party of the installation of the electric vehicle charging points currently going in to the Lodge Lane N12 council owned car park at the Albert Street end. As the work is currently under way I accept that it won't be the final cost, but the budgeted amount would do.

If the cost is being completely born by a third party, please supply their name and contact details if you are not allowed to give the installation cost yourselves.

If you have it I'd be interested to know the installation cost of the existing charging points on the other side of the car park nearer the High Street as well.

We have processed this request under the Freedom of Information Act 2000.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
