Our ref: 7101016

Thank you for your request received on 8 March 2021, for the following information:

I am writing to you under the Freedom of Information Act 2000 to request the below information.

I am looking for information regarding the total number of noise complaints relating to construction work that the council has received from March 2018 to end of Feb 2021, broken down into monthly figures.

To clarify, I am interested in information regarding construction work noise complaints specifically.

Where the information is available, please specify (in separate columns) how many of the construction noise complaints came from residential addresses / business addresses / unknown addresses.

If you do not have specific information regarding construction noise complaints available, I would like the total number of noise complaints between the specified dates (again, month by month). In this case, please highlight that this figure refers to ALL noise complaints.

Please provide the information in an editable Excel spreadsheet and send the results of this FOI request

We have processed this request under the Environmental Information Regulations 2004.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
