I am currently undertaking research into the Covid-19 Test and Trace Support Payment, and am writing to you to request the following information under the Freedom of Information Act 2000:

1. Can people with no recourse to public funds access discretionary Test and Trace support?
2. If so, how can someone with no recourse to public funds access Test and Trace support in your local authority area?
3. Where is this information publicised?
4. What information is on your local authority website about how to access Test and Trace support if you have no recourse to public funds?
5. How many people with no recourse to public funds have been granted discretionary Test and Trace support in your local authority area?
6. How many people with no recourse to public funds have been refused discretionary Test and Trace support in your local authority area?
7. If there have been refusals of discretionary Test and Trace support for people with no recourse to public funds in your area, what were the reasons given?

If the above information is contained or partially contained in a policy or procedure document, please provide the policy. If this is not available, or only partially contains the information, please provide the information in an excel spreadsheet.

If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12, please provide advice and assistance, under the Section 16 obligations of the Act, as to how the request can be refined.

Put the answers/response against the questions/request above, or say the information is attached etc

Make sure you have answered all the questions asked/provided all the info requested

Make sure the info given actually answers the questions asked!

if you do not hold some/all the information or you are withholding any of it DO NOT use this template- choose the most appropriate one from the drop down in iCasework. You will need to 'uncomplete' the 'complete response' task to do this, ask IMT if you are not sure how.

Do Comms need to be aware of this response? Is it from the press and/or on a current or contentious topic? Link Officers should flag to Comms and alert IMT to any delays. If you are an outsourced delivery unit please flag to Comms before sending to IMT to send out and note in the case that Comms have had sight of it. Thank you

Remember that IMT will review your response before sending it out (outsourced delivery units) or before publication (retained delivery units) so spending time now perfecting your response will save you time in the long run and may avoid an Internal Review!]

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
