The council holds the information requested and the answers to your questions are below.

1. Who provided approval for the application for a second crossover and drop curb at 19 Arden Road, London N3 3AB?

The Crossover Process Team in conjunction with the Inspecting Officer's report issued the approval – please note it is not an individual.

2. What criteria were considered before the application was approved?

The full current crossover criteria - I have attached Barnet's crossover policy document and guidance notes.

3. Was all the criteria listed in the London Borough of Barnet Domestic Vehicle Crossover Policy (1st April 2019) considered before the application was approved? And, if not why not?

All the crossover criteria are considered before any application is approved.

4. Was the approval granted on the bases of any further conditions being met? If so what were they?

The crossover was approved on the condition that the hardstanding is constructed before the crossover and the completion of the crossover legal agreement.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
