Thank you for your request received on 20 May 2021, for the following information:

**RE: 20/0888/FUL**

**From the planning application file I note the planning officer says**

**I have just received comments from our Tree Officer and he is satisfied with the Arb details submitted and the revised plans in relation to the adjoining trees.**

**So we have no outstanding issues.**

**I do just need to visit the site and this can be done from the street.**

**Tree Officer 1A Shelly Close**

**Did you end up going to the street?**

**If you did go to the street what was your verdict?**

**If you didn't go to the street why did you not go (please provide proof?) How did you predict that you would only need to go on the street?**

**When you got there (if you did) would it of been better if you had access to the land(the new site and the residents objectioning?)**

We have processed this request under the Environmental Information Regulations 2004.

***Did you end up going to the street?***

Yes, an officer visited the site and surrounding streets on 12th August 2020.

***If you did go to the street what was your verdict?***

Assessment of the proposal was set out in the committee report - the proposed development was considered to be acceptable in relation to character and neighbouring amenity.

***If you didn't go to the street why did you not go (please provide proof?) How did you predict that you would only need to go on the street?***

Officer did visit the street as advised above

***When you got there (if you did) would it of been better if you had access to the land(the new site and the residents objecting?)***

Officer liaised my visit in advance with the occupant of 18 Hillside Gardens and he had organised access for the officer's into a number of properties along Hillside Gardens and Glendale Avenue.
