Thank you for your request received on 19 July 2021, for the following information:

The A1000 Traffic scheme is causing massive problems. I was informed in a letter that the Council was looking to make improvements. More recently I have read that a unit in the Council is investigating this. Please inform me of what progress has been made, and what is the name and contact details of this unit. I wish to present evidence, in the form of hundreds of emails from the Fortis Green Nextdoor online group, indicating the many problems that the scheme has created.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
