Response

The council holds the information requested and it is attached/ the answers to your questions are below

Can you please let me have a list of roads in N12, N11, N20 and N3 where measures to reduce the speed of traffic have been introduced such as chicanes, bumps and 20 mile an hour restrictions.

We do not hold a list of roads where particular features such as chicanes or humps are installed. If the customer is interested in works installed over a particular time period (for example the last year) we may be able to identify locations by checking scheme records, although if the time period is significant the work is likely to exceed the relevant limit.

As far as 20mph restrictions are concerned, please refer to the attached spreadsheet titled list of roads with 20mph restrictions in N12, N11, N20 and N3.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
