Response

The council holds the information requested and it is attached/ the answers to your questions are below

Can you please provide the following details

1. During the last 20 years period (or a shorter period if records are not available for 20 years) in which years the pavement for each of Great Bushy Drive, Oak Tree Drive and Longland Drive were replaced with new pavements

We only have records since 2015/16 as this is when Network Recovery Plan started. The Network Recovery Plan is Barnet Council's investment programme covering all aspects of Barnet's highways network, from road and pavements to bridges, road marking and crossings.

The footways in Oak Tree Drive and Great Bushey Drive have not been renewed since 2015/16 and the Longland Drive footway was relaid in the 2018/19.

2. Annual costs of repair/ maintenance of pavements for each of these three roads in the last 5 years

Please refer to the attached spreadsheet titled 'annual costs'

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
