The council holds the information requested and the answers to your questions are below:

1. Height of suspension signs from the floor to the bottom of the sign

The suspension sign that the London Borough of Barnet uses measures 0.92m from the bottom to the top of the sign. The approval to use this sign was issued by Department for Transport in 2014 and a link to the authorisation can be found below:

<https://assets.dft.gov.uk/trafficauths/case-4111.pdf>

2. Procedures if an in contacting residents of the suspension (permit holders bays)

There is no set time by which signs must be placed out prior to the commencement of the suspension, however bookings are requested to be made a minimum of 5 days in advance of the start date to ensure as much notice as possible.

Enforcement of the suspension may commence from the date as shown on the signs.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
