Thank you for your request received on 11 May 2022, for the following information:

Dear Barnet Borough Council,

I would like yo know if one is allowed to practice metal detecting in parks and public opens spaces in Barnet.

If yes, is a permit needed and what are the steps yo be followed to get one?

We have processed this request under the Freedom of Information Act 2000.

Response

The council holds the information requested and the answer to your questions are below.

London Borough of Barnet does not permit metal detecting in parks and open spaces as we cannot have unmanaged digging up of public spaces due to public safety concerns.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
