Thank you for your request received on 6 June 2022, for the following information:

If for any roads that have had their speed limits dropped from 40 to 30mph in the last 15 years and speed surveys were conducted before and after the change.

For each road what changes were recorded to the following

The average speed

The 85th percentile speed

The average speed of the fastest driver ie the faster 1 or 5%

The overall level of compliance with the speed limit.

Is the methodology designed to record free-flowing traffic speeds, so it can't be skewed traffic or by a group of cars following a single slow vehicle etc?

We have processed this request under the Freedom of Information Act 2000.

We have checked our records and do not appear to have made any permanent Traffic Management Orders reducing a speed limit on a borough road from 40mph to 30mph in the last 15 years. If you have not already done so you may also wish to check with Transport for London in relation to limits on roads controlled by them.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
