Thank you for your request received on 8 July 2022, for the following information:

**I called the requestor as this may have been better suited to a disclosure request but actually all he is after is the street work notices relating to the address in question, Ellesmere Avenue prior to 27/06/2021 which may have led to the problems with the cable.**

**We are instructed by National Grid in connection with damage to one of their high voltage cables which sustained damage as a result of the actions of others and where such latent damage was discovered on 27th June 2021.**

**Investigations have indicated that the damage arose as a result of works undertaken by Affinity Water/their appointed contractors in either laying a replacement water main in the roadway or installing service pipes from the new water main to meter connections serving properties within Ellesmere Avenue.**

**We are seeking disclosure of street works notices issued by you relative to such works under the provisions of the Freedom of Information Act 2000 and where such works will pre-date 27/6/21**

**We thank you in anticipation of your assistance and look forward to receiving your early response.**

We have processed this request under the Freedom of Information Act 2000.
