Response

The council holds the information requested and the answers to your questions are below

Re: 35-37 Station Road EN5 1PR (The Property)

1) Who submitted the above property for consideration that it form part of the list of locally listed buildings? When?

Information is not held by the Council.

2) Can you please supply a copy of the reasons stated to support such submission that the property form part of the list of locally listed buildings and any photographs or other data submitted in support thereof.

The reasons stated, including data and photographs, to support the nomination can be found in the list entry for the property which can be found here: [Locally listed buildings | Barnet Council](#) . The nomination was considered to meet with the adopted selection criteria which can be found on that same webpage.

3) Which council body or person approved that the property be initially placed on the list of Locally Listed Buildings? On what evidence was the decision so made? What were the reasons stated to substantiate such inclusion. Please provide a copy of the evidence in question.

The Policy and Resources Committee report with attached appendices of the 6th January 2020 is publicly available on the councils website and can be found here: [Browse meetings - Policy and Resources Committee | Barnet Council \(moderngov.co.uk\)](#)

4) What reports were generated by the council, or others, to support the property being made part of the list. Please supply a copy of the same.

Appendix 2 is a list of the recommended properties for inclusion on the list and should form part of the P and R committee report of the 6th January 2020 as detailed above.

5) Please provide full details of the screening process from initial submission that the property be placed on the list of locally listed buildings up to the time that the council approved the said list in January 2020

This report is the product of the annual review of the Local Heritage List, where new nominations are put forward and considered by a selection panel consisting of Councillors, heritage officers, a Historic England Inspector and a representative from a local amenity society. The panel was chaired by Barnet's Heritage and Design Champion. The new nominations were considered by the panel against adopted selection criteria.

6) How many other properties were put forward for inclusion in the list of Locally Listed Buildings approved by the council on 6th January 2020

367 new nominations were included on the list in addition to the existing 854 entries on the established list.

7) How many other properties initially put forward to be locally listed did not actually make it onto the list of properties approved by the council on 6th January 2020.

Approximately 193 properties, from various parts of the borough, were nominated but were not accepted as meeting the adopted selection criteria and did not therefore make it onto the approved Local Heritage List.

Please provide the addresses for all such properties which did NOT make it onto the said list.

Refusal Notice

R13 – Personal data

We have withheld the properties nominated by individuals (where these are held) by virtue of Regulation 13 of the Environmental Information regulations 2004, as disclosure of this information to the public generally, in the Council's view, would not be consistent with the data protection principle found in Article 5.1(a) of the General Data Protection Regulation (GDPR) lawfully, transparently and fairly.

Individuals suggesting properties would have a reasonable expectation that their nomination would not be disclosed in the event it did not meet the selection criteria.

We have considered whether disclosure is lawful and fair and whilst it may be lawful under Article 6.1(f) GDPR (legitimate interests) it would not be fair to the individuals concerned.

We consider that regulation 13 (Personal information) applies to the information requested.

Therefore, we have decided to withhold the information.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
