Details of the plans to use Public Sector Decarbonisation Scheme funds for 19 Barnet schools.

In total, 13 maintained schools, 2 maintained primary school swimming pools and 1 community nursery will be retrofitted as part of PSDS3 (Public Sector Decarbonisation Scheme phase 3). Installations are currently underway, with works planned to complete by 31 Mar 2023. A detailed plan of works can be found in the table below.

Details of the processes in selecting these 19 schools including emails and minute meetings.

To meet the PSDS3 grant criteria, a school must have a boiler that is faulty and/or over 15 years old. The Council emailed schools, requesting they put themselves forward if they thought they met this criteria, and this was followed up with a survey to confirm the criteria was met. Maintained schools (Community and Foundation) schools were included. In total 14 maintained schools, 2 maintained primary school swimming pools and 1 community nursery were identified and surveyed, of which all but one site decided to proceed.

Details of the energy efficiency changes being made and the funding per school.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
