Thank you for your request received on 1 August 2022, for the following information:

Can i ask for evidence that the Temporary Traffic Regulation Order has been adhered to. Has the set criteria been followed to the Letter?

We have processed this request under the Freedom of Information Act 2000.

Response

The council holds the information requested and the answers to your questions are below

Our TTRO department have confirmed that an order is not required for a lane closure. They have also confirmed that the applicable permit was in place between 23 June and 20 August.

The conditions associated with permit use mainly relate to the activity being undertaken and those conditions have been adhered to. I can advise that temporary traffic lights were placed 100 metres away from the box junction to give vehicles enough room to clear the box after entering.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
