Although the Council is monitoring the current e-scooter trial, it has no plans at the moment to join it.

The current trial runs until November 2022, and although we understand it is likely to be extended we understand the Government is likely to introduce a Transport Bill that will, among other things, deal with the regulatory framework for e-scooters.

The Council will want to assess the findings of the current trial and the likely impacts of the new legislation before deciding our future policy on micro-mobility.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
