Response

The council holds the information requested and it is attached/ the answers to your questions are below

Please can you let me know how much money your authority has spent since September 2018 (so the last four years) on:

1) survey work to see whether RAAC exists in the structure of your maintained schools

Initial survey works have been completed by in-house staff at an estimated cost of c£500 in staff time. Further, more detailed surveys are now due to be commissioned on those schools deemed likely to have RAAC within their structure.

2) How many how many schools you found to have RAAC in their structures overall and broken down into primaries/secondaries

None so far - we are still collating data on schools that may be applicable, before we instruct structural surveys to confirm.

3) how many of those schools required/ will require in the future remedial work on them to replace or repair the RAAC.

4) How much money the work undertaken to remediate/remove RAAC has cost/is predicated to cost in the future.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
