Thank you for your request received on 14 December 2022, for the following information:

Community Infrastructure Levy/Section 106 funding

I am writing to make a request under the Freedom of Information Act regarding the spending of Community Infrastructure Levy and Section 106 funding in your area.

I am asking for:

- * Details of each project funded with Community Infrastructure Levy in the last five years which provided childcare or other early years support to children.**
- * Details of each project funded with Section 106 funding in the last five years which provided childcare or other early years support to children.**
- * The total monetary value of Community Infrastructure Levy funding in the last five years awarded to projects which provided childcare or other early years support to children.**
- * The total monetary value of Section 106 funding in the last five years awarded to projects which provided childcare or other early years support to children.**

In these questions, I am asking for details of projects specifically aimed at early years services or childcare, rather than funding for schools, and I am referring to the last five full financial years (starting 2017/18).

We have processed this request under the Freedom of Information Act 2000.

Response

We have provided information in two tables. One is the CIL expenditure on Early Education and Childcare Place Sufficiency.

The other table shows all education section 106 expenditure. This expenditure includes works to schools, which may include some nursery improvements and provision. We do not however have a detailed breakdown of how much of the s106 education expenditure was spent on nursery provision, as some schools have nurseries and some do not.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
