Response

Please find attached Food Hygiene Inspection Reports for each premises listed above.

I can confirm that London Borough of Barnet holds the information you requested. However, we consider that the following exceptions apply to some of the information requested.

We consider that regulation 12(5)(b) (Course of Justice) applies to the information requested and regulation 13 (Personal information). Therefore, we have decided to withhold some of the information.

Refusal Notice

R12 (5) (b) (The course of justice)

We consider that regulation 12 (5) (b) (The course of justice) applies to the information requested because we consider that disclosure of the information requested would adversely affect the course of justice, the ability of a person to receive a fair trial or the ability of a public authority to conduct an inquiry of a criminal or disciplinary nature. Until the outcome of the enforcement investigation has been formally determined the Council is not in a position to make available further details of the case available.

The public interest means what is in the best interests of the public not what is of interest to the public.

Factors in favour of disclosure

- Furthering the understanding and participation in the public debate of issues of the day.
- Promoting accountability and transparency by public authorities for decisions taken by them.
- Promoting accountability and transparency in the spending of public money. • Allowing individuals, companies and other bodies to understand decisions made by public authorities affecting their lives.
- Bringing to light information affecting public health and safety.

Factors in favour of withholding

- There is a very strong public interest in protecting the law enforcement capabilities of public authorities. The food enforcement investigation is ongoing and progress is reported through established mechanisms. If a formal Food Hygiene Notice is served or any prosecution action taken only when these processes have been fully completed and appeal routes exhausted will this information will be made available into the public domain.

Regulation 13

[Part 1 of Schedule 19](#) of the Data Protection Act 2018 amends the personal data exception Regulation 13 of the Environmental Information Regulations 2004. These are consequential amendments designed to ensure that the correct provisions of the GDPR and the new Act are referenced instead of the now repealed DPA 1998. They will not fundamentally impact when personal data can, and cannot, be disclosed in response to an EIR request.

We consider the information is subject to Regulation 13 because to release it would be a breach of the Data Protection Act 2018.

Personal Information is governed by the Data Protection legislation and is defined as any information relating to an identified or identifiable natural person ('data subject'). It adds that: an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location number, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

The withheld information is exempt because disclosure would contravene the first data protection principle which requires that personal data is processed fairly and lawfully. Disclosure of the requested information would breach this principle and in particular the requirement of fairness.

The individuals working for the council have a reasonable expectation of privacy and do not expect that the council would disclose their names or contact details in response to an information rights request, especially as they are relatively junior and not in public facing roles. The council's redaction policy states that officers' names and contact details under the level of Assistant Director will generally not be released. All of the posts redacted are under the Assistant Director level.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct

marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
