Thank you for your request received on 10 September 2024, for the following information:

I am asking for the report prepared by the Highways Inspector who apparently visited 43 and 55 Summit Way N14 to review reported defects in the highway. I was advised that the Inspector recently visited and concluded that the reported defects did not reach the Council's investigatory level. I would like to see this report to better understand what he investigated and how he reached his conclusion.

I would also like to see the last report prepared by the Highways cyclical inspection regime. I have been told this road is reviewed regularly and any defects found are raised for repair. I would like to see the last report to see what was said about existing defects.

We have processed this request under the Freedom of Information Act 2000.

Response

I am asking for the report prepared by the Highways Inspector who apparently visited 43 and 55 Summit Way N14 to review reported defects in the highway. I was advised that the Inspector recently visited and concluded that the reported defects did not reach the Council's investigatory level. I would like to see this report to better understand what he investigated and how he reached his conclusion.

There were no actionable defects at the aforementioned address

I would also like to see the last report prepared by the Highways cyclical inspection regime. I have been told this road is reviewed regularly and any defects found are raised for repair. I would like to see the last report to see what was said about existing defects.

Defects on a footway are generally considered investigatory level when there is a trip of 25mm or more

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
