Thank you for your request received on 21 September 2024, for the following information:

How many accidents have been reported in Nether Street since August 2021 as a result of the closure of Albert Street, meaning it is no longer possible to turn left into Ballards Lane , and must follow Popes Drive to turn into Nether Street ? Please also provide the total number of traffic incidents per year .

We have processed this request under the Freedom of Information Act 2000.

Response

I am writing to inform you that we have searched our records and although we hold some of the information requested, some of the information you requested is not held by London Borough of Barnet.

The Personal Injury Collisions (PIC's) are reportable by the local police service, as a local authority we have access to information provided by the Metropolitan Police Service and TfL, in relation to Personal Injury Collisions (PICs) on the road network, but this does not detail the routes vehicles were taking. Any information recorded regarding the causation would refer to the direct cause, irrespective of the overall route.

We have searched our records and can confirm that one accident occurred on Nether Street in 2022, the details available indicate a collision between two vehicles proceeding along Nether Street however, there is nothing to suggest that either vehicle joined Nether Street from Albert Place, but neither is that impossible.

For further information you may wish to contact the Metropolitan Police Service or Transport for London.

Advice and Assistance : Direct Marketing

If you are a company that intends to use the names and contact details of council officers (or other officers) provided in this response for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference.

You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
